

### *Student Health Insurance*

Your health and well-being are important to your academic success Carroll University. For this reason, the University sponsors two health insurance options, available from Wisconsin Physicians Service Insurance Corporation (WPS Insurance). The University-sponsored plans are available to any student taking 6 credits or more who is enrolled and attending for at least the first 31 days of the semester. Information regarding the cost, coverage and enrollment for the plans can be found at <http://www.wpshealth.com/waicu/> (a link to Carroll University can be found on the right-hand side of the screen). Purchase of a University sponsored student health insurance plan is voluntary. Many insurance and/or HMO plans do not provide coverage outside of a particular area, and for this reason, students should review coverage under other plans carefully. Whether students are insured through one of the University sponsored plans or through their own health insurance, students are solely responsible for the cost of health care needs.
