

TEMPORARY DISABILITIES

Carroll University Office of Disability Services makes arrangements for students with temporary disabilities on a provisional basis each semester. Conditions that might be considered a temporary disability may include but are not limited to: surgery, concussion, and post-surgical disabilities. Examples of accommodations might include moving classrooms, notifications to professors, note takers, and/or electronic textbooks depending upon the condition.

To make an appointment with Marty Bledsoe, Director of Disability Services, please call 262-524-7335, email (wyc@carrollu.edu), or stop into the Water Young Center. We are open 8 am to 4:30 pm Mon.-Fri.

For additional information, go to the Disability Services webpage on my.carrollu.edu. Click on the blue "Departments" tab → Disability services → Temporary disabilities
