- Campus Center discussion points...
 - Touch Tunes → PIT?
 - Would need some form of “launch” / advertisement to go with it to attract and retain interest from students.
 - Very unique idea/offering to help liven up the PIT.
 - Oak Room → CCE “traveling” Art Installation
 - Great opportunity for students who haven’t went on their CCE’s to engage with those who have.
 - Maybe offer a sale of some sort of student CCE artwork?
 - Standard sizing would be needed – look in to pin/spot lighting for these.
 - Students made aware of this before they leave for their trips.
 - Photos to show landscapes of where they’ve traveled/engaging with the communities in which they are learning about.
 - PIT STOP Naming → Potential for Alumni to be engaged?
 - Long-term plan is needed.
 - Once we have plan, a naming convention will most likely come more appropriately.
 - No sense in naming the space if it will change/do not have long term goal in mind.
 - Lobby Wall Design at the Info Desk
 - Additional poster space offerings needed to replace ones we’re taking away.
 - Revisit more usage of the MDR windows (more captive audience)
 - Lower level windows → Events Space → PIT STOP
 - Prayer Space as well?

- Pioneer Card Office:
 - Looking in to a new saving model for Faculty/Staff via payroll deduction
 - Continue to build this out for eventual/hopeful rollout on campus.
 - Thoughts around “What if I forget my ID Card?” → would folks still be honored?
 - Still have a way to navigate campus/have access to services with this offering
 - Payroll deduction in the amounts of \$50.00 - \$150.00
 - Staff can choose/opt-in at anytime
 - Purchases get deducted at the end of each month
 - Responsibility on that staff/faculty member to track their spending

- Christmas Decorating
 - Giving Tree in partnership with Student Activities
 - Will be up by Monday, Nov. 21
 - Grab a tag off the tree, and return to the Information Desk with donated goods.
 - Take as many as you want!!
