

- Recap Mission/Vision/Values adopted in April 2016
  - Major accomplishment by Student Fellows in the Campus Center during the 2015-16 academic term.
  - This now lays the direction/path the Campus Center is headed – to ensure that students are kept at the heart of every decision we make in the building.
  - Using this to begin conversations with the Campus Center staff on what it means to be a Campus Center Student Employee.
  - Anecdotal – From 2015-16 SkyFactor Assessment campus is 80% happy with the building and services provided through the Information Desk, this is the highest to date and something we are very proud of in the building.

- New PiONEer Card Image
  - Recognize that we held a design contest in spring, however, we were unable to move forward with that winning design to ensure we are staying on brand with the rest of campus and are heading in the direction we need to be with the Card Office.
  - After the design contest occurred, there was overwhelming student feedback that the new Pio Pete needed to be on the card, approached Communications and Marketing for the design, which is the one we currently have today.
- Campus Center Programming to date
  - Sundaes on Mondays (192)
  - Tie Dye Event (87)

# CAMPUS CENTER

Community · Engagement · Neighborly · Trust · Excellence · Respect

- Also home to the Carroll Student Veterans Lounge and current temporary Campus Prayer Space
  - Discussion points on what folks would like to see in the PIT Stop in the future (Why not label as a Commuter Lounge?).
- Former Student Health Center → new home to the Media Center
- Once this move takes place, the Campus Prayer Space will move to this location
    - Easier to manage via card access
